28 October 2020

Prof. Panagiotis Kaldis
Rector, University of West Attica

The Second International Student Research and Science Conferences dedicated to the 98th anniversary of Heydar Aliyev, the National Leader of the Republic of Azerbaijan

Dear Prof. Kaldis,

Baku Higher Oil School is proud to announce the Second International Student Research and Science Conferences on:

“Sustainable Development in Chemistry and Chemical Engineering”, April 13-16, 2021;

“Petroleum Geoscience and Engineering”, April 20-22, 2021;

“Process Automation and Information Security 2021”, April 27-28, 2021.

The student-led conferences will provide a platform for participants from different foreign educational institutions and research centers to showcase their research work and innovative ideas in varied fields. The overall objective of the conferences will be to enhance research collaboration between students and create opportunities for sharing the best practices and experience as well as to identify, recognize, and publish presented papers in the conference proceedings.

We, therefore, take this opportunity to invite the students and young researchers of the University of West Attica to participate in the conferences.

Conference applications will be accepted electronically at <http://conference-bhos.az> till the 11th of January, 2021.

Thank you in advance for your acknowledgment of the value of this event.

Please direct any conference-related inquiries to ilahe.bayramova@socar.az

Sincerely,

Rector

Elmar Gasimov
